HEALTH, SAFETY & HOUSEKEEPING

Please make yourself aware of the safety features and facilities.

FIRE SAFETY

Our fire alarm is tested every Tuesday at 10am (or earlier if it may disturb your meeting). If the fire alarm sounds please exit the building immediately through the front door (directions are marked above all doorways) and make your way over to the fire assembly point on the Green across the road.

Please ensure you are as far away from the building as possible. DO NOT go back into the building.

Only when The Meeting Space staff have checked through the building and they have ensured the premise is safe can you enter the building again.

FIRST AIDERS

We have trained first aiders on site. In the result of an accident a first aid box is located on the stairs and in serious situations please inform The Meeting Space staff members.

SMOKING

Please do not smoke directly outside the building as we have residential buildings next to us, if you do smoke please do so across on The Green.

MAINTENANCE / DAMAGE

Each room has been clean and sanitised so please be respectful and keep the room in a nice and tidy manner. Damage to the room / any of the equipment provided (TV screens, extension leads, flipcharts, chairs) will incur costs based on the damage done.

FOOD & DRINKS

Whilst we understand you may want to bring your own food and refreshments into the building, please do remove and take any rubbish with you after your meeting.

TOILETS

Our toilets have been separated to avoid cross contamination, please under no circumstances - even if your toilet is occupied, use the toilet that isn't assigned to you.
